

WISER TOGETHER CAFÉ: PARTNERING ACROSS GENERATIONS FOR OUR COMMON FUTURE

FRIDAY, AUGUST 26, 2016, 1:30 - 3:30 PM

INTERNATIONAL POSITIVE AGING CONFERENCE | CAPITAL HILTON, WASHINGTON DC

How can we access the unique contributions of all generations to foster wise and committed action for life-affirming futures—for our organizations, our communities and our beloved planet?

Join us for this pioneering World Café-style dialogue among 40 invited older and younger leaders. This promises to be an innovative and exciting intergenerational conversation like you've never had before!

All of us, whatever our generation, are alive together at this challenging moment when our very futures and the future of our planet is at stake. This is a unique opportunity to engage in deep listening, to move beyond limiting beliefs, and to think out of the box about the power we have to shape tomorrow, together. Explore these and other questions of possibility...

- *From where you sit today in the cycle of life, what do you most fear and most yearn for as you think about the future?*
- *What assumptions about the older or younger generation do you need to question in order to collaborate well across generations? What about elders/youngers would you like to never hear or feel again?*
- *What do you care about doing in the world that might be enhanced by intergenerational collaboration? What can you contribute to make that happen?*

SHARE YOUR PERSPECTIVES ON FILM!

WE ALSO HAVE THE UNPRECEDENTED OPPORTUNITY TO CONTRIBUTE TO A NEW DOCUMENTARY ABOUT THE POSITIVE AGING MOVEMENT WHICH WILL BE SHOT AT THE WISER TOGETHER CAFE!

SPACE IS LIMITED!

There is no cost to participate in this special invited gathering, but space is limited to 20 elders and 20 youngsters.
